

NEVER HAVE I EVER

needed to get out of my routine more

Never have we ever needed a change of scenery so much.

We've been on the same old walks, visited the same old parks, then crashed on the same old couch – and it's been worth it. Now we're ready to push past our old routines and try something totally new in the Halifax region.

Pick yourself up off the couch and dust yourself off. We've created a whole list of new ways to rediscover your home!

Use the 2021 **Halifax Visitor Guide** to play **Never Have I Ever: Halifax Edition** and find your new favourite things to do, eat, drink and explore.

What's your **Never Have I Ever?**
